25X1X

1. A tabulation was made of Soviet Zone highway bridges according to their load capacity. Lieutenant Colonel Pavlov of the SCC Transportation Division requested the tabulation from the Directorate General, Road Traffic and Roads. *

25X1A

- * [REDACTED] Comment. Lieutenant Colonel Pavlov, (fnu), is the chief of the Bridge and Highway Section of the SCC Transportation Division. Since there are more than 8,000 bridges in the Soviet Zone of Germany it is believed that the 1,810 bridges listed include only those with a minimum length, presumably more than 20 or 30 meters. See Annex for tabulation of bridges.

1 Annex: Load Capacity of Bridges.

This document is hereby regraded to
CONFIDENTIAL in accordance with the
letter of 16 October 1978 from the
Director of Central Intelligence to the
Archivist of the United States.
